Completely Equipped Bates Field... One of the South's Finest!

NOW BATES FIELD AT MOBILE has a new right to be proud. For the far-reaching million dollar improvement program at Bates has been completed.

A big, handsome administration building is in service. Another improvement is the resurfacing of crisscross runways. Latest scientific flying aids are installed, and there's a modern control tower. Spacious concrete and steel hangars, extensive service facilities, charter service and air taxi are all available. The sales and service staff is competent—helpful. In charge of operations is the widely known Field Manager Oscar Barney.

When you refuel and add oil at this airport you can count on the speed and efficiency of *Jack Connors Flying Service*—a good sound reason for making Bates Field your regular refueling and stopping point.
